

Sigma Sigma Phi Alpha Chapter

A.T. Still University -
Kirksville College of Osteopathic Medicine
2022

Class of 2025 Induction Ceremony

Executive Officers

President: Zachary Taylor (far right)

Vice President: Jacob Ayers (mid-right)

Treasurer: Michael Bertolio (mid-left)

Secretary: Kendal Allen (far left)

Advisor: Lisa Archer, RN BSN

Planned Events for 2022-2023

- **May** - Designated Drivers for Class of 2022
- **July** - Review of First Year Resources
- **August** - Mock Anatomy Practical 1, SP with Family Med Club
- **September** - Fall Into Healthy Eating
- **October** - Mock Anatomy Practical 2 + Mock IDIS Case Presentation
- **November** - Thanksgiving Baskets
- **December** - Dr. Bag Program in the Community
- **January** - First Aid for Moms
- **February** - A Little Love Service Project + EKG HPS Activity
- **March** - Be the Match Bone Marrow Registry
- **April** - Spring Application Cycle for Class of 2026

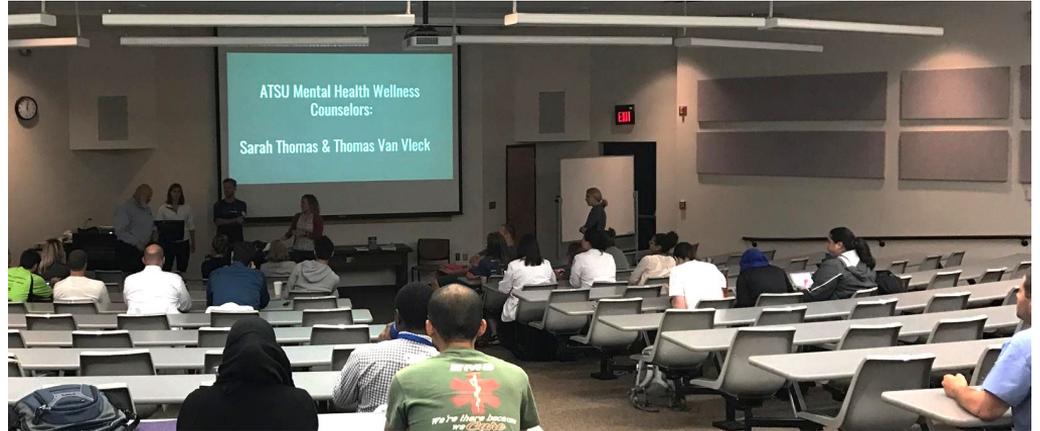

Designated Drivers

- Class of 2022 celebrates their achievements at a local winery prior to graduation.
- SSP organizes and offers a D.D. program to promote safety and responsibility on a fun evening.

First Year Resource Event

- An organized presentation that walks through academic resources found helpful during our first year of medical school
 - Discusses pros and cons for the plethora of resources out there and ideally decreases needless spending
- We specifically talked about cost of resources and the best way/timing to purchase these resources

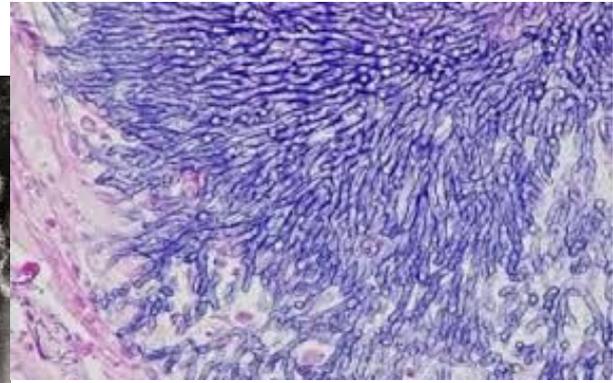

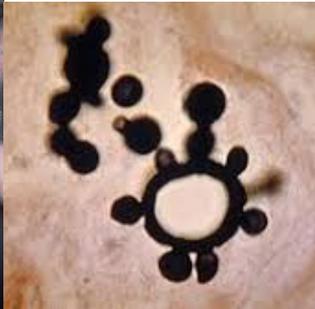

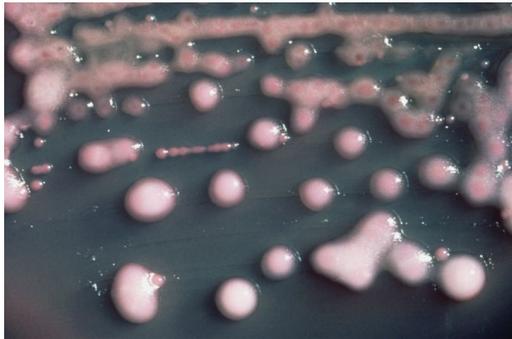

Mock Anatomy Practical I & II

- SSP Members organize and conduct two mock anatomy practicals to familiarize the first year students with the layout and prepare them for their upcoming exam.

Mock IDIS Case Presentation

- SSP Members, along with the Internal Medicine Club, will organize and host a mock Infectious Disease case presentation for first year medical students prior to class presentations.
 - Familiarize students with the directions and step-wise approach to conquering their first case presentation in front of their colleagues and one faculty member.

Thanksgiving Baskets

- SSP Members collect money and food donations from ATSU clubs, academic departments, and offices.
 - We then assemble baskets for low income families in the Kirksville community
 - Each basket will have food items frequently included in a Thanksgiving meal
 - Canned vegetables
 - Mashed potatoes & gravy
 - Stuffing
 - Gift card to local grocery store for family to purchase a turkey or ham of their choice

Dr. Bag Program

- SSP Member visit preschool and elementary schools in the Kirksville Community
 - Children learn about tools frequently used by doctors and nurses
 - Children can share stories about their past health care experiences and have the opportunity to ask any questions they may have.

Be The Match Bone Marrow Registry

- SSP + KCOM Wellness Run combine forces to bring “Be The Match” Bone Marrow Registry
 - Provide education and spread the word about the bone marrow donation process
 - Students, faculty, and community are allowed the opportunity to sign up as a donor and provide a cheek swab that will place them in the registry

A Little Love Service Project

- Letters of gratitude for ATSU-KCOM faculty and staff
- Delivered with homemade treats!

Fall Into Healthy Eating Fair

- Takes place in Kirksville for the community members at the local Farmer's Market
- Booths are designed with emphasis on healthy eating resources, education, and demonstrations

MOCK SP WITH FAMILY MED CLUB

- We partnered with our family medicine club on campus to run standardized patient encounters where we were the patient and allowed the first years to get practice before their first SP!

GOALS

- Promote leadership and service on the ATSU-KCOM campus and in the greater Kirksville Community
- Strive to develop unity between the classes that have come before us and those that will follow after us
- Embody ATSU-KCOM's strong osteopathic foundation in our medical community and beyond.
